**GRAHAM ENGINEERING CORPORATION SELECTS TURNER GROUP AS WESTERN PARTNER FOR AMERICAN KUHNE MEDICAL EXTRUSION SYSTEMS**

***Agreement Calls for Representation by Turner Group in Western U.S., Canada, and Mexico, Enhancing Sales and Service for Medical Manufacturers in the Region***

Graham Engineering Corporation has appointed Turner Group, Inc. as the sales and service representative for American Kuhne medical extrusion systems in the western region of North America.

The agreement covers the Canadian provinces of British Columbia and Alberta; the U.S. states of Washington, Oregon, California, Idaho, Nevada, Arizona, Utah, and Colorado; and the Mexican states of Baja California and Sonora. The Turner Group team includes a Spanish-speaking sales representative.

“Turner Group is pleased to add the strength of Graham Engineering Corporation and its American Kuhne product line to our arsenal,” said Laura Douglas, co-owner of the Turner Group. “Their extrusion expertise complements our existing capabilities, adding value for customers in the west.”

“The Turner Group team extends our reach throughout western region by providing localized sales representation and focused attention to the medical extrusion market,” said Alan Jones, southwest regional sales manager for Graham Engineering Corporation.
