**GRAHAM ENGINEERING CORPORATION'S AMERICAN KUHNE™ BRAND ANNOUNCES FALL SPOTLIGHT™ MEDICAL EXTRUSION & SECONDARY OPERATIONS CONFERENCE**

***Donna Bibber, One of the '100 Notable People in Medical Devices', Will Be Keynote Speaker***

Steve Maxson, Graham Engineering Corporation's director of business development for extrusion, has announced that the fall [Spotlight™ Medical Extrusion & Secondary Operations Conference](#) will be held November 7th at the Marriott Minneapolis West in St. Louis Park, Minnesota.

"The focus of our Spotlight conferences is on medical extrusion and secondary operations such as over-molding and tipping for catheters and delivery systems," explained Maxson, the conference organizer.

Donna Bibber, vice president of sales and marketing for Isometric Micro Molding, Inc. will be the keynote speaker. A University of Massachusetts - Lowell graduate with 25 years of experience in micro manufacturing, she has published technical papers on micro and ultra-precision manufacturing topics worldwide.

*Graham Engineering Corporation's Steve Maxson*

Graham Engineering Corporation organizes two Spotlight™ Conferences annually in varying locations to address important developments and new technologies in medical extrusion and secondary operations.

Steve Maxson's background combines disciplines from the fields of medical extrusion technology and medical device manufacturing. His career includes roles with Raumedic Inc., Vante, and American Kuhne, a brand of Graham Engineering Corporation.
